

March 27th 2022

Dear Customers,

Diamond Athletics Co., Ltd
SPA SHIROKANE

Re: Closing of SPA SHIROKANE

We sincerely appreciate your usually using our facility.

This time, regarding SPA SHIROKANE we operate, we would like to inform you that we have decided to close one next year in accordance with the following reasons as shown below:

In recent year, while the environment surrounding large-scale comprehensive sports is changing, we have made efforts that we renovated the training gym, installed the latest exercise equipment, replaced the changing lockers with state-of art ones and so on in order to improve customer service. However since COVID-19 has been spreading on February 2020, we have been forced to report an operating loss for two years continuously from financial results for the fiscal year 2019 due to significant decrease of members. Furthermore, the repair costs for the facility' s dilapidation from now on have been highly estimated. Accordingly, our future prospects remain much uncertain. Those are why we are closing the facility.

Deeply thank you for your continued patronage and warm support since we started here the place of SHIROKANE in 1984 (Showa 59) and have been operating for a long time of around forty years.

We sincerely apologize to all customers including fitness members, school students and other members for giving so much inconvenience and trouble. We would greatly appreciate it if you would consider this situation and understand it.
